Year 2 historians

Our Year 2 children have been learning about toys now and toys in the past. They have created these rocking horses as part of their work comparing present day toys with what some children in the past played with. Keep up the good work Year 2!

Water bottles in school

We all know the importance of keeping ourselves well hydrated throughout the day – it keeps us healthy and allows our brains to function well. We would like all children to bring in a water bottle from home each day filled with water.

Deciding to Improve
my Dental Health
by Drinking More Water

As the footballer Ronaldo says, we should be drinking water as it is far healthier for our bodies than sugary drinks. We are also very concerned about the impact of sugary drinks on children's teeth when they are drinking them throughout the day.

To keep children's teeth healthy, our school policy is for children to drink only water from their bottles during lesson times. Children may, if they wish, have juice at lunch time.

Please help us to preserve our children's healthy smiles by sending your child to school with water in their bottle

Year 1 engineers of the future

After working hard during a phonics and English lesson, some of the children in Year 1 got stuck into a building challenge and created some wonderful models. They have cooperated well with each other, sharing resources and saying please and thank you -what excellent role models for the new Reception children!

Year 5 mathematicians

Year 5 have been exploring the value of numbers in maths. They are also rounding numbers to the nearest 10, 100 and 1000.

In their practical maths activities, they worked with learning partners to develop their mathematical thinking skills.

School uniform

Most children are looking great in their school uniforms this week. Our thanks go to parents who have tried so hard to ensure their child has all the right items of clothing. If your child does not have the correct uniform yet, please try and sort it out this weekend; we have found that most children want to be the same as their friends and don't want to stand out for wearing different clothes.

***It is essential that all items of uniform are named** – already we have had some children who have misplaced jumpers and it is very difficult to track them down without names in them. Thank you.

Pride – our value of the month

This young man has certainly impressed both his teacher and me today by remembering what he was taught in a maths lesson 2 days ago. After finishing his today's work, he went to the art table and made the equation $19 < 20$ (19 is less than 20) using the crocodile's jaws to make the less than sign – fantastic!

He was so proud of his work and so were we – keep it up!!

He is also wearing the correct school uniform, and looks super smart in it!

Superstar certificate winners this week

The following children have all worked their socks off in class this week and have been awarded a certificate for their great attitude to learning:

Mrs Tattersall – Freddie and Isabella

Mrs Walker – Jenson and Dalton

Miss Boardman and Mrs Pullen – Thomas and Amaan

Miss Liver - Roman and May

Miss Stoves - Ibnu and Vivian

Fantastic Behaviour awards

The children who have impressed their teachers over the last week are:

Mrs Tattersall – Ruby Scott

Mrs Walker – Emily

Miss Boardman & Mrs Pullen – Miah

Miss Liver - Theo

Miss Stoves - Ciara

Super Scientist

This Year 5 child has done some amazingly neat work in her Science book this week – she has drawn and labelled a diagram of all the different reproductive parts of a plant. Her work is beautifully presented; Miss Liver is very proud of her work and so am I – well done!

Best wishes

C. Bright, Headteacher
