

Year 2 Elmer Writing Project

Task 1 - Design and make the Elmer story in a box

For this task, you and whoever is helping you, will need a large shoe box, cardboard box or shallow container big enough for you to make the Elmer story.

Think carefully about what should be in your box. You will need to make Elmer and a herd of elephants. Then you will need to make a path and the animals he walks past to get to the berry tree. Remember Elmer needs to be able to move, so you will probably have to make him out of cardboard.

How could you make a berry tree?

Remember Elmer goes past the animals again to get back to the herd but they do not recognise him. Why not?

On the side of your box maybe you could decorate it with other elephants dressed up for 'Elmer Day'.

I am really looking forward to seeing your finished story boxes.

Remember to talk through the story to an adult using full sentences.

Good Luck!

Mrs Walker

The finished models are due back in school on Monday 24th January.

You have just over a week to make this exciting creation!
