Year 4 Designers

Mrs Cudby's children have been looking at kites this week at the start of their Design Technology topic. They have been exploring the different shapes that kites can be and investigating the different materials they can be constructed from – I can't wait to see the finished designs and products! Keep up the good work Year 4.

Cowboy Lunch

Howdy partners! Next Thursday we were inviting all our cowgirls and cowboys to a wild west-themed lunch in the school hall saloon. Every cowgirl or cowboy who stays for a school dinner on that day will get a free Sheriff's badge!

On the menu will be BBQ bronco beef subs, or Ranch cheese and onion pie with Bulls eye potato balls, saloon special sweetcorn and peas, and campfire beans followed by Billy the Kid cakes and Buffalo Bill biscuits and all washed down with cow juice! We are sure to have a rootin' tootin' time so make sure you come to the event – Yee-Haw!

Regular Readers

The following children have read at home 7 times (or even more!) during the last week of term and we are so proud of them that we want to share their names with you!

Mrs Stoves – Ruby H, Haiden, Isabella, Lucal, Emily, Nelly, Sani

Mrs Cudby & Miss Boardman – Fawzan, Bella

Mr Fournier – Hollie, Amaan, Ellie-Mae

Mr Rose – Bradley, Miah, Jacob

Well done children – I am so proud of you for continuing to read every day, despite it being the last week of term. Fantastic work!

Attendance

This week's winners of the best attendance prize are the children in Mrs Walker's class. Well done everyone!

Year 5 Artists

Year 5 children have starting a new art unit and have had their first introduction to batik. This week, they have looked at examples of Batik, created their own designs and even had a go using a tjanting tool to practise 'drawing' with hot wax onto scrap pieces of fabric.

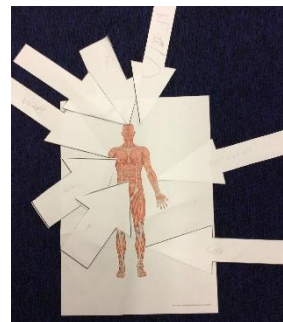

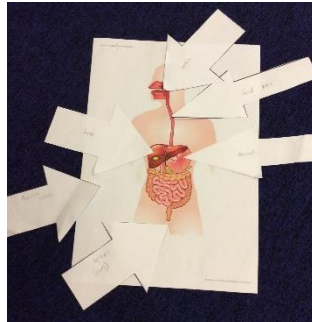

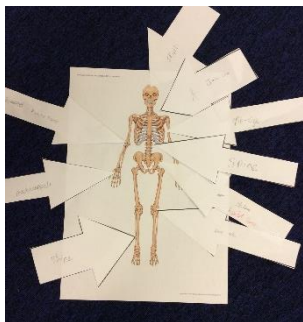

Superstars Certificates for outstanding work

The following children have all worked their socks off in class and have been awarded a certificate for their great attitude to learning:

Miss Spencer – Lacey and Tommy Lee **Mrs Cudby & Miss Boardman** – Rory and Daniel
Mrs Walker – Lily-Mae and Iris **Mr Fournier** – Ellie-Mae and Jacob H
Miss Stoves – Haiden and Klay **Mr Rose** – Jack and Joshua

Mrs Walker's geographers

This term the children are finding out where the hottest and coldest places are in the world. They have been using vocabulary such as the Equator, Arctic and Antarctica. These children completed a map of the world jigsaw and then placed different animals on the map in the places they live (penguins in the Antarctic, polar bears in the Arctic and elephants, tigers and giraffes by the equator where it is hot). Keep up the super work!

Year 6 Scientists

Year 6 have been doing some amazing work on recognising the different parts of the body, in preparation for our new unit; 'The Circulatory system'. This week we have

looked at which parts of the body we think need the most blood flow, and how the blood delivers oxygen to those parts of the body.

Fantastic Behaviour awards

The children who have impressed their teachers over the last week are:

Miss Spencer – Jaxon
Mrs Walker – Dante
Miss Stoves – Leo V

Mrs Cudby & Miss Boardman - Dalton
Mr Fournier – Victoria
Mr Rose – Ashwin

Best wishes

C. Bright
